Creation of a working group

The president is mandated to establish a working group chaired by the subcommittee chairman, constituted by members from CP delegations and the AO's.

The aim of the working party is to explore the possibilities for the CP to take over the remit of the ACMT and to create a discussion paper for the next subcommittee meeting.

The objectives are:

1. To explore the possibilities for CP involvement in
 - amendments to update the Doctors Directive 93/16,
 - development of standards to be attained in the basic and further medical education,
 - organise co-operation in this field with AO's
 - evaluate medical training of the applicant countries and propose measures for harmonisation
2. Draft a structure for a professionally based system under the umbrella of the CP
3. Estimate the costs of such an arrangement
4. Describe possible ways of funding
