At its Board meeting, Vienna, November 07th, 2003, the CPME endorsed the following statement : **UEMO statements on GP/Family medicine as a medical speciality (UEMO 2002/160)**(CPME 2003/150 Final EN/fr)

UEMO STATEMENTS ON GENERAL PRACTICE / FAMILY MEDICINE AS A MEDICAL SPECIALTY

The UEMO General Assembly:

1. mandates the presidency to seek to secure the inclusion of general practice as a specialist discipline recognised under Title III of the Directive
2. believes that the demands of general practice require a training period of 5 years and will continue working to that end
3. will continue to explore the potential of systems of competency based training and assessment.
